

## **NSC Work Plans**

For the members to know of the activity of the NSC the Executive Committee has asked for a uniform Work Plan from each of the Thematic Groups. As a consequence of this the Executive Committee has also made their own Work Plan, partly as a response to the Plans of the Thematic Groups and partly as a response to the political issues raised by the Executive Committee.

The Executive Committee approves the Work Plans, and they are presented for the annual Business Meeting for information.

The Work Plans of the Thematic Groups and the Executive Committee are enclosed.

## **RECOMMENDATIONS:**

1. For information.
