**Paper for the  
18<sup>th</sup> NSC Annual Business Meeting,  
26<sup>th</sup> June 2008**

**Item 3**

## **NSC WORK PLANS 2009 - 2010**

Enclosed are the Work Plans for the Thematic Groups, these Work Plans was adopted at the Executive Committee meeting 27 March 2009.

At the meeting of the Executive Committee April 2007 following areas of main political interest was decided;

- ❖ Maritime policy
- ❖ Sustainable Development especially focused on Energy
- ❖ Food
- ❖ Innovation and Education
- ❖ Territorial Cooperation
- ❖ NSC-BSC cooperation

In their work plans each group will show how they alone or together with other groups are to meet the political priorities within their field of expertise. The areas of political interest are general and the Executive Committee must look at these policy areas to focus the work of the NSC.

## **RECOMMENDATIONS:**

- 1. The NSC Annual Business Meeting of 26<sup>th</sup> June 2009 adopts and supports the presented Thematic Groups Work Plans for 2009 - 2010.***

**Paper for the  
18<sup>th</sup> NSC Annual Business Meeting,  
26<sup>th</sup> June 2008**

**Item 3**

## **Culture & Tourism Group Work Plan 2009-10 and Strategic Plan 2008-13.**

The action plan 2009-10 is valid for the period between the NSC General Assemblies 2009 and 2010. The Strategic Plan is valid for the EU budget period 2007-13.

### **1. STRATEGIC PLAN 2008-13**

The strategy of the Culture & Tourism Group is closely related to the EU agenda, and the strategies of CPMR and the North Sea Commission.

Our group represents the broad or overarching overview and analysis, and that this forms a strong platform for our future work. The role of culture and tourism in regional development as a key issue for us.

It is further important to define the roles of the political members, the officer members and of the observers within the group. Further, the need to prioritise and have a focus is stressed. The need to demonstrate value for money to the public is also underlined. Information to, and support for cultural actors is important. They need support both in the form of competence/assistance and financially.

The group should turn from being more or less re-active to being much more pro-active. We acknowledge that there is a raised political profile of the NSC, and that we should also raise the political profile of the C&T. We should try and influence the European agenda, and we should work closely with the CoR members from our regions, with our the processes as possible. Here we should also use our regional offices in Brussels as our ears. We also need better links between the Commission and the regions. Our group should co-operate closely with relevant bodies in Brussels and elsewhere.

1. The role of the Culture and Tourism Group within the NSC – we should focus on selected issues, and we should have clear objectives and priorities
2. The work should present added value to all member regions. It is also essential that group members provide a link back home to politicians and senior officials in their region.
3. We should act as a lobbying organisation in relation to the EU agenda and EU funds and we should keep an EU perspective in our work
4. We should report back to the group on all issues that are relevant for the members
5. Knowledge and competence building is vital to the group
6. We should maintain a regional development perspective

Our role is to strengthen the North Sea area, but also demonstrate how our region can address global issues in a good way; it should be a region of excellence in responding to global challenges. We must use the European networks also, and make them more accessible to all members. These networks are vital in relation to successful lobbying.

The membership of the group should be strengthened also, and members must be more conscious of reporting results back home, and taking issues from home to the table of the group.

nsc@northsea.org  
www.northsea.org

**Paper for the  
18<sup>th</sup> NSC Annual Business Meeting,  
26<sup>th</sup> June 2008**

**Item 3**

Therefore, our strategy has three legs:

1. The EU perspective
2. The regional development perspective – the North Sea Vision
3. The political perspective – politicians should be actively involved in the group

### **The EU perspective 2008-13**

The most important issues for us during this period will be the shaping of the regional policy after 2013, including the future culture and tourism strategies of the EU after 2013. Together with the CPMR, we should ensure that there is an EU regional policy after 2013, and that this policy includes culture and tourism.

### **The regional perspective – the North Sea Vision**

The North Sea should become a region of excellence for global issues, and the North Sea region should also become a region of demonstration for how regional co-operation can be developed in practice. For both these objectives, the Interreg North Sea is a good instrument. The NSC should develop an Interreg programme addressing these issues.

### **The political perspective**

The strategy is a highly political one, and needs the support of politicians from all member regions of the NSC. The active participation of politicians within all thematic groups of the NSC should be encouraged.

## **2. WORK PLAN 2009-10**

The action plans for NSC thematic groups must cover three levels:

1. Political priorities within culture and tourism
2. Concrete projects to follow up the strategic and political priorities and demonstrate how North Sea co-operation can contribute to achieving these priorities
3. Strategic priorities of the NSC Executive Committee

### **1. Political priorities of the culture and tourism group**

The Culture and Tourism Group have decided on a set of political priorities. These have been linked to culture and tourism as important factors for regional development, and include monitoring of, and actions relating to the European agenda in these fields.

During 2008-09, the realization of the European Cultural Agenda and the involvement of all relevant stakeholders will have high priority also for us.

It is also important to support all work to ensure that culture and creativity are incorporated into various EU funding schemes, in accordance with the European Cultural Agenda priorities.

The same applies to sustainable tourism development, where we will work closely with the CPMR Intercom group on sustainable tourism to follow up initiatives from the Commission. It is also important to continue the co-operation with the Committee of the Regions.

3706 Skien, Norway  
Tel: +47 35 56 42 00  
Fax: +47 35 52 90 44  
nsc@northsea.org  
www.northsea.org

**Paper for the  
18<sup>th</sup> NSC Annual Business Meeting,  
26<sup>th</sup> June 2008**

**Item 3**

## **2. Concrete projects**

The new funding programmes 2007-13 offers a number of opportunities for development projects that can demonstrate North Sea contributions on major global and European challenges like climate change, economic and social cohesion, regional integration and cross-border co-operation.

Both the Cultural Programme 2007-13 and the new Interreg IV programmes are relevant for project funding, and members of the C&T group should help develop project ideas based on the strategic and political priorities of the NSC and relating to the thematic focus of our group

## **3. Strategic priorities of the NSC**

The NSC Executive Committee decides on the strategic priorities of the NSC. These again also reflect the strategic priorities of the CPMR.

The ExCom has not yet set the strategic objectives for 2008-09.

However, the NSC General Assembly in June 2007 adopted a document entitled 'The important policy areas for NSC in the future'. This document outlines the strategic priorities of the NSC for the coming years.

The new strategic priorities are

1. Cooperation with the BSC
2. Sustainable development with a special focus on energy
3. Food
4. Innovation and Education
5. Cultural agenda and experiential tourism
6. Maritime polity

Concerning the thematic groups, this paper further states that

1. The thematic groups must continue to strengthen their internal and external networks, both for politicians and for officers
2. The thematic groups must investigate the possibilities for using projects/external funding as a tool for their work
3. The Executive Committee must then ensure the links between the groups, to avoid double work and to prioritise what to do
4. The thematic groups are responsible for the follow-up of the development of their issues and report to the Executive Committee when needed
5. Continue with cross-sectoral conferences in cooperation between the thematic groups.

The Culture & Tourism Group's main responsibility is to assist the Executive Committee on these strategic priorities. The group will identify specific issues within these where the group can give input, and the group will also respond to requests from the Executive Committee for assistance and input in specific issues.

nsc@northsea.org  
www.northsea.org

Paper for the  
18<sup>th</sup> NSC Annual Business Meeting,  
26<sup>th</sup> June 2008

Item 3

The culture and tourism group will relate to the strategic priorities as follows:

### **1. Cooperation with BSC**

Currently, there is no links on culture and tourism between the NSC and the BSC. Our Chair, in her role as the coordinator for NSC-BSC relations, has expressed a desire to extend NSC-BSC cooperation to include culture and tourism. We can achieve this by using our contacts to encourage the formation of a culture and tourism group within the BSC.

Action: Encourage formation of BSC culture and tourism group

### **2. Sustainable development with a special focus on energy**

The intended objective is to clarify the NSC position on the future energy policies, and the Sustainable Development group is responsible for this issue.

The culture and tourism group could probably give important input. The Green Paper on adaptation to climate change is a good example, where protective measures for the cultural heritage were totally missing from the paper. The issue of sustainable tourism is also a case where the work of our two groups overlaps, and where we can work together.

Action: Respond to initiatives from the Sustainable Development group.

### **3. Food**

This priority is a follow-up of the food conference August 2006, and the theme covers a number of issues, several of which are also of great importance to the culture and tourism group (including local food, and traditional food). The Innovation and Education group is responsible for this issue.

Action:

### **4. Innovation and education**

This priority focuses on the Lisbon strategy. The EU Commission Policy Strategy for 2009 clearly states that 'The Commission will continue to pursue its broad-based innovation strategy. .... And focus on unlocking the potential of creative industries'. The Innovation and Education group is the responsible group, but with the publication of the new Commission Communication on a Strategy for Culture, the Lisbon strategy has been extended to culture and creativity, and we should have a stronger involvement in this issue.

Action: Monitor and respond to the European discussion on the inclusion of culture and creativity in the Lisbon strategy.

### **5. Cultural agenda and experiential tourism**

This priority reflects our two main work areas, and the issue is our main responsibility. We must participate actively in the discussion leading up to the European Cultural Agenda, and also in the ongoing discussions relating to the role of cultural tourism and sustainable tourism.

The Commission Communication on a Strategy for Culture lists three objectives for the agenda:

- Promotion of cultural diversity and intercultural dialogue
- Promotion of culture as a catalyst for creativity in the framework of the Lisbon strategy for growth and jobs
- Promotion of culture as a vital element in the Union's international relations.

Our group should have a particular focus on the second objective, albeit not forgetting the two others.

Concerning cultural tourism, our groups should continue supporting the initiatives of the ECTN.

www.northsea.org

**Paper for the  
18<sup>th</sup> NSC Annual Business Meeting,  
26<sup>th</sup> June 2008**

**Item 3**

Action: Monitor and respond to the European discussions on these issues. Work together with ECTN.

### **6. Maritime policy**

We have already made inputs in relation to the Green Paper, and this now needs to be followed up. Our main responsibility will be to see to that the strong emphasis on the importance of the maritime heritage for all Europeans is reflected in future policies and priorities.

Action: Monitor and respond to policy papers on maritime policy.

### **Responsibilities:**

1. Political priorities (EU agenda): Vice-Chair Lars Nordström
2. Concrete projects: Vice-Chair Wendy Mawer assisted by individual members of the C&T group and the advisor
3. Responding to strategic priorities and reporting back to Executive Committee: Chair Harry van Waveren, assisted by advisor

## **Innovation & Education Group Work Plan 09 – 10**

### **Introduction**

The Innovations and Education Group (IEG) was formed in 2006 by bringing together the Economic Development and Education & Research groups.

The IEG is chaired by Councillor Ole B. Sørensen from Region North Denmark.

The two Vice Chairs are Councillor Stella Duneufjardin from Region Nord-pas de Calais, France, and Councillor Kate Dean from Aberdeen City Council.

Mr Erik Lindboe, from Rogaland County Council in Norway is the advisor of the group.

We have developed a Mission Statement:

”Through engagement with our members we look to develop innovative economic activity and R & D within the North Sea region.”

From such a mission statement we have developed a work plan which places emphasis upon several areas of interest:

- \* Linking innovation and education via a project which expresses this link.
- \* Establish a North Sea Schools Sustainability Project
- \* Establish and then maintain a model for co-operation with the Baltic Sea Commission
- \* Food

On behalf of the group,

Councillor Ole B. Sørensen
